SUMMARY

A Professional Consulting Services Contract was developed by HKGI that identified greater project detail that will guide the city through the initial project stages and will set the preferred direction and phasing for the Lake Ann Park Preserve Project, get the project through permitting, and set up the next step of 60% Construction Drawings for the first phase of improvements.

The City Council has reserved \$1.3M in ARPA dollars to begin phase 1 of the Lake Ann Park Preserve project that will be used to fund this work. Additional funding will be required to complete the next phases of construction in the future.

HKGI and staff will provide a project update related to Phase 1 construction and beyond.
