Item	Park and Recreation Commission Brainstorming Session
Item No:	G.3
Agenda Section	<u>GENERAL BUSINESS</u>
Prepared By	Jerry Ruegemer, Park and Recreation Director

SUGGESTED ACTION

Discussion

SUMMARY

BACKGROUND

DISCUSSION

At the April Park and Recreation Commission meeting, multiple commissions wondered how they could become more involved with project review and decision-making regarding our many facets of our Park and Recreation Department. Staff would like to engage the commission to have a free-flowing conversation regarding topics of interest. This could be related to special projects, policy, education, programming, community events, park maintenance, senior programming, recreation center operation, etc. A list of suggestions will be compiled and may be discussed with future monthly agendas throughout the year.

Staff looks forward to our conversation.
