SUMMARY

Mayor Elise Ryan and Laurie Hokkanen have been working with Minnetonka High School students on a project related to city communications this semester. The students will share their research and project with the City Council.

BACKGROUND

VANTAGE is Minnetonka High School's experiential project-based learning program.

VANTAGE students experience regular guest instruction and site visits along with a rigorous curriculum. They are paired with a one-on-one mentor for the year who helps and guides them on their projects and various topics about success in the professional world.

The foundation of VANTAGE is company projects. Through experiential learning, VANTAGE offers a unique opportunity to apply their coursework in real-world settings. Students solve genuine problems through project-based assignments.
