**SUGGESTED ACTION:**

Consider request by the Planning and Zoning Department to adopt the 2024 Capital Improvement Element (CIE) and Community Work Program (CWP) Annual Report.

---

**FACTS AND ISSUES:**

A public hearing for the 2024 CIE/CWP Annual Report concerning the County's impact fee program was held on August 6, 2024. The Board of Commissioners approved transmittal of the report, which was submitted to DCA and has been approved. The Board is now requested to adopt the Annual Report in order to maintain the County's Qualified Local Government (QLG) status and impact fee program. The attached 2024 report covers FY2023 revenue and expenses.
