Consider approval to surplus of church pews and other miscellaneous items that were acquired with the purchase of property located at 2017 East Cherokee Drive, for Fire & Emergency Services.

FACTS AND ISSUES:

The County recently purchased property located at 2017 East Cherokee Drive that will serve as an EMS only Station. The building on the property, which had served as a church for many years, has church pews and other miscellaneous items that need to be surplused. If the Fire Department is unable to donate the items to another church or non-profit, they will be sold at the County's auction on May 13th, 2023.
