**SUGGESTED ACTION:**

Consider request by Animal Shelter to renew agreement with Boehringer Ingelheim Animal Health USA, Inc. for a three-year term to allow the shelter to continue to receive flea, tick and heartworm control products at no cost, and provide discounts on other products with no obligation to purchase.

---

**FACTS AND ISSUES:**

The Board of Commissioners originally approved a three-year agreement with BIAH on January 18, 2022 for veterinary products for the Animal Shelter. The Animal Shelter and BIAH would like to renew the agreement for an additional three-year term with the same terms and no obligation of minimal purchase of products.
