

SUBJECT: **Hidden Branches Subdivision Culvert Replacement - Construction Agreement.** **MEETING DATE:** January 7, 2025

SUBMITTED BY:
Patrick Bradshaw

SUGGESTED ACTION:

Consider request from Engineering Department to award a construction services agreement to Ohmshiv Construction, LLC., the low bidder, for construction of the Hidden Branches Culvert Replacement Project, in the total amount of \$1,514,305.40.

FACTS AND ISSUES:

A 2019 assessment of the storm drainage system located in the Hidden Branches subdivision on Hidden Branches Trail and Towne Creek Drive found that the current infrastructure has reached it useful service life and lacks capacity for the 100-year flow and it is recommended for replacement. This project includes culvert replacement and addresses the lack of capacity.

Bids were received from four (4) contractors.
