

Cherokee County, Georgia  
Agenda Request

---

Item # 12.6

**SUBJECT:** **Batesville Road at Sugar Pike Road Roundabout  
- Construction Agreement.** **MEETING DATE:** January 7, 2025

**SUBMITTED BY:**  
Patrick Bradshaw

---

**SUGGESTED ACTION:**

Consider request from Engineering Department to award a construction services agreement to Backbone Infrastructure, LLC., the low bidder, for construction of the Batesville Road at Sugar Pike Road Roundabout project, in the total amount of \$1,036,856.00.

---

**FACTS AND ISSUES:**

Sugar Pike Road and Batesville Road are rural, local roadways located in the eastern portion of Cherokee County, near the Fulton County line. The current intersection is controlled by a 4-way stop and lacks capacity as well as sight distance issues. The proposed roundabout project will help to address the capacity issues and resolve the sight distance issues at this intersection.

Bids were received from eight (8) contractors.
