

SUBJECT:

**Amendment One to the Construction Agreement
for Wiley Bridge Road at Cox Road
Roundabout Project.**

MEETING DATE:

December 20, 2022

SUBMITTED BY:

Jim Wilgus

SUGGESTED ACTION:

Consider Amendment One to the Construction Agreement for the Wiley Bridge Road at Cox Road Roundabout Project, in the amount of \$64,250.00 with Colditz Trucking, Inc.

FACTS AND ISSUES:

The intersection of Wiley Bridge Road and Cox Road is located approximately 1.5 miles north of SR 92 and approximately one mile west of the Roswell city limit in southeast Cherokee County.

The intersection of Wiley Bridge Road and Cox Road is currently a three-way intersection with Cox Road stop controlled at the intersection and Wiley Bridge Road free-flowing. A roundabout will be constructed at this location to improve the intersection. The construction of that roundabout is now substantially complete.

During construction, it was requested to keep the intersection open to through traffic. Keeping the intersection open required additional grading and traffic control. The additional costs are reflected in this Amendment.

The Engineering Department has reviewed the request and recommends that it be approved.
