

Cherokee County, Georgia
Agenda Request

Item # 12.9

SUBJECT:

**Fire Alarm Panel and Sensor Replacement at
Aquatic Center.**

MEETING DATE:

November 19, 2024

SUBMITTED BY:

Tye Beavers

SUGGESTED ACTION:

Consider request from Recreation & Parks for agreement with Telenet for the replacement of the fire alarm panel and sensors at the Aquatic Center in the total amount of \$31,530.00.

FACTS AND ISSUES:

The fire alarm panel and sensors at the Aquatic Center are outdated and repeated issues have made it more cost effective to replace the current system rather than continuing to maintain the older, outdated system. Recreation & Parks requested and received three quotes for replacement of the panel and sensors, with Telenet providing the lowest priced quotation.

Funding for this purchase will be made with Parks SPLOST funds.
