MEETING DATE:

May 2, 2023

SUBJECT: MOU with City of Canton for Inspection and Permitting of County Facilities in the City.

SUBMITTED BY:

Geoff Morton

SUGGESTED ACTION:

Consider approval of a Memorandum of Understanding with the City of Canton for Inspection and Permitting of County Facilities in the City.

FACTS AND ISSUES:

During the term of this agreement, the County will provide the following:

(a) Provide fire inspection services to County owned facilities and structures within the City of Canton including:

- County shall assign the task or reviewing building site plans, for the purpose of determining compliance with fire protection codes and standards as adopted by the County, to a qualified and trained Fire Marshal and/or Fire Inspector.
- County shall assign the task of reviewing site, building and facility construction drawings, for the purpose of determining compliance with fire protection codes and standards as adopted by the County, to a qualified and trained Fire Marshal and/or Fire Inspector.
- Prior to the issuance of a Certificate of Occupancy, the County shall assign the task of inspecting buildings and facilities, for the purpose of determining compliance with fire protection codes and standards as adopted by the County, to a qualified and trained Fire Marshal and/or Fire Inspector.
- At intervals appropriate to the type of occupancy of facility, the County shall assign the task of periodically inspecting buildings and facilities, for the purpose of determining compliance with fire protection codes and standards as adopted by the County, to qualified and trained fire department personnel.

(b) Provide building permits, plan review and inspections to County owned facilities and structures within the City of Canton.

(c) There shall be no fee charged to City for these services. Any fees will be charged directly to the property owner and/or developer requesting inspections, plan review, and any other services referenced herein in the same amount charged to County residents for such services.
