

**SUBJECT:**

**Renewal of Network Infrastructure  
Maintenance.**

**MEETING DATE:**

November 1, 2022

**SUBMITTED BY:**

Kristi Coleman

---

**SUGGESTED ACTION:**

Consider approving the renewal of Network Infrastructure Ongoing Maintenance on County networking equipment in the amount of \$138,572.26 for an additional one-year term.

---

**FACTS AND ISSUES:**

The county requested competitive quotes for maintenance on a total of 187 network equipment hardware in use throughout the County. The County maintains spare equipment, thus making it viable to go with the cost-effective option.

This item is included in the IT department's FY2023 budget.
