

**SUBJECT:**

**Purchase of three (3) Ford Expeditions and one (1) Chevrolet Tahoe for Fire & Emergency Services.**

**MEETING DATE:**

October 18, 2022

**SUBMITTED BY:**

Amanda Postelle

---

**SUGGESTED ACTION:**

Consider approving the purchase of three (3) Ford Expeditions from Wade Ford in the amount of \$147,771.00 and one (1) Chevrolet Tahoe from Alan Jay Fleet Sales in the amount of \$42,205.00 for Fire & Emergency Services and consider approving a corresponding budget amendment. In addition, consider approving the purchase and installation for the lighting packages for the Ford Expeditions from the low bidder ProLogic in the amount of \$39,399.97.

---

**FACTS AND ISSUES:**

Fire & Emergency Services has located three (3) Ford Expeditions from Wade Ford that are available and on the lot. These are the appropriate color and are in the Special Service Vehicle Package. Wade Ford was the lowest quote.

Additionally, Fire would like to purchase one (1) Chevrolet Tahoe from Alan Jay Fleet. This Tahoe has been ordered by the dealership but is not scheduled to go into production until January 2023, or later. This Tahoe is 13% below MSRP.

Fire will be purchasing two of the vehicles with SPLOST funds and two of the vehicles with FY2023 Fire Fund.

Additionally, pricing was obtained for the lighting packages for the Ford Expeditions. Prologic was the lowest priced proposal at \$39,399.97 (\$13,133 per vehicle). Other bidders were Safety Elite Associates (\$14,302 per vehicle with item omissions) and Dana Safety Supply - no response.

A budget amendment is necessary to allocate money to the appropriate capital account in the FY 2023 Fire Fund.
