

**SUBJECT:** **MEETING DATE:**  
**Construction of Block Security Wall at the** July 18, 2023  
**Justice Center.**

**SUBMITTED BY:**  
Tye Beavers

---

**SUGGESTED ACTION:**

Consider approving a contract with Latimer Construction for the construction of a block security wall outside the Jury Assembly Room at the Justice Center, at a price of \$48,000.00.

---

**FACTS AND ISSUES:**

The Superior Court Judges' Office has requested a masonry wall be built to block the windows of the existing Jury Assembly room at the Justice Center, for the room to be used as a courtroom for the trying of cases with a large number of defendants. Property Management was contacted and asked to obtain three (3) proposals for the installation of the approximately 90' long by 14' high masonry wall and gutter system. Latimer Construction is the lowest priced proposal.

Proposals received are as follows:

- Latimer Construction: \$48,000.00
- Hardscapes, Inc.: \$48,400.00
- Masonry-Dixie, Inc.: \$107,250.00
