SUBMITTED BY:

SUGGESTED ACTION:

Consider accepting \$2,000.00 on behalf of the District Attorney's Office from the U.S. Secret Service for cost reimbursement of an assigned joint operations task member.

FACTS AND ISSUES:

The U.S. Secret Service has allocated \$2,000.00 to the District Attorney's Office for reimbursement of costs associated with its personnel being involved in joint operations with the Secret Service. The funds must be kept separate from the District Attorney's general fund budget and can be used to reimburse overtime, training, certifications or equipment costs.
