

SUBJECT:
**Dupree Road and King Arthur Drive Drainage
Improvements Project - Construction
Agreement.**

MEETING DATE:
August 5, 2025

SUBMITTED BY:
Patrick Bradshaw

SUGGESTED ACTION:

Consider request from SPLOST/Roadway Department for award of a Construction Services Agreement to Summit Construction & Development, LLC, the low bidder, for construction of the Dupree Road and King Arthur Drive Drainage Improvements Project, in the total amount of \$691,662,03.

FACTS AND ISSUES:

Dupree Road and King Arthur Drive are two local roads located in southern Cherokee County. Right-of-way ditch and pipe systems are undersized/non-functional based on current engineering standards. The Engineering Department has received extensive complaints about the roadway condition in this area of Dupree Road and King Arthur Drive and associated downstream areas. Roadside conveyances frequently clog and are overwhelmed from stormwater discharges creating an ongoing maintenance problem for the Public Works Department.

This project addresses these aforementioned drainage concerns and improves pedestrian safety through the installation of a sidewalk on Dupree Road from Village Green Avenue to Falling Water Avenue.

Bids were received from 5 contractors for this project.

This project is SPLOST funded.
