**SUGGESTED ACTION:**

Consider approval of an invoice from Amicalola EMC in the amount of \$381,618.95 for the relocation of facilities in conflict with the Technology Ridge Parkway - Phase 1 project.

---

**FACTS AND ISSUES:**

Technology Ridge Parkway - Phase I is a new roadway that will connect Bluffs Parkway to Heard Road and Fate Conn Road and will be just over a half of a mile in length. The project consists of a two-lane roadway with turn lanes, sidewalks and shared use path. There will be a roundabout at the intersection with Bluffs Parkway and another roundabout at the intersection with Fate Conn Road and Heard Road.

SPLOST funds will also be used to fund a portion of the construction.

Amicalola EMC will relocate, add or remove eighteen structures within the project limits of the Technology Ridge Parkway Phase 1 Project. Eight structures will be removed and the remaining ten will be installed in new locations or changed out in their existing locations. Payment will be requested before relocation services are rendered.
