

SUBJECT:

**Audio-Visual System for L.B. "Buzz" Ahrens
Recreation Center.**

MEETING DATE:

September 17, 2024

SUBMITTED BY:

Tye Beavers

SUGGESTED ACTION:

Consider request from Recreation and Parks for approval to award a Small Construction and Trades Agreement to Applied Global Technologies, LLC in the amount of \$52,731.66, for hardware, wiring and maintenance of an Audio-Visual System at the L.B. "Buzz" Ahrens Recreation Center.

FACTS AND ISSUES:

Recreation and Parks solicited quotes from four vendors for an Audio-Visual System for the four (4) TVs in Victory Hall, Classrooms A and B, and the aerobics room at the L.B. "Buzz" Ahrens Recreation Center. This additional technology will enhance the ability to host a range of community events at the center. Applied Global Technologies was the low bid for the project and quoted \$46,284.37 for the hardware and installation and \$6,447.29 for a 3-year maintenance plan, for a total contract cost of \$52,731.66.

This purchase will be SPLOST funded.
