No

EXPLANATION:

The Bradenton Police Department was previously been awarded funding from WCIND for the purchase of a new boat and equipment. This agreement is for match funding to support patrol operations, covering overtime costs and fuel expenses for the boat deployment. The boat will be used for marine patrol, public events, and safety operations, and these funds will increase the total amount of time the boat is deployed. Total funding from WCIND is \$34,222, with the City of Bradenton contributing \$34,222 for a total of \$68,444.

FINANCIAL IMPACT:

This is a match requirement for boat operations. The City of Bradenton's match is \$5,418 for fuel and \$28,804 for overtime costs. The Bradenton Police Department does not operate a full-time marine unit, and these funds will be used to increase boat use and deployment. The Police Department will absorb costs within existing approved budgeted funds, no additional personnel are proposed.
