CITY COUNCIL AGENDA ITEM REPORT

DATE: July 24, 2024

SUBMITTED BY: Kim Clayback, Public Works & Utilities

ITEM TYPE: Contract

AGENDA SECTION: CONSENT AGENDA

SUBJECT: Project Approval - Basis of Design Review for LS03 Expansion and LS13 Demolition

SUGGESTED ACTION: Approval for the expenditure for the Basis of Design Review for the expansion of LS03 and demolition of LS13.

Is this item Quasi-Judicial?

No

Does this item require a public hearing?

No

EXPLANATION:

After having been awarded a FDEP Resiliency Grant, the City advertised a Request for Qualifications for the purpose of selecting a qualified Proposer to provide professional engineering design, permitting and construction inspection services of the LS03 expansion/LS13 demolition. Only one proposal was received. FDEP suggested that only one vendor would not be sufficient and recommended the City re-strategized to remove the planning piece of the project. The City agreed with FDEP and decided to quote out and award the planning piece of the project to one of the consultants in the professional services library. The City is recommending Jacobs Engineering Group complete the Basis of Design Review (BODR), which is the planning document that will drive the design of the lift station improvements.

FINANCIAL IMPACT:

The FDEP is providing 50% funding for the planning, design, and construction for the expansion of LS03 and demolition of LS13. The total cost estimate for the project is \$5,875,750.00. The BODR will encumber \$207,663.00 in GL account 40859000-563000-24523.

ATTORNEY REVIEW/RECOMMENDATION:

Conference Call with Scott Rudacille on July 8, 2024

SUGGESTED MOTION:

Motion to approve the expenditure for the Basis of Design Review with Jacobs Engineering Group.
