CITY COUNCIL MEETING AGENDA ITEM REPORT

DATE: November 6, 2024

SUBMITTED BY: Kim Clayback, Public Works & Utilities

ITEM TYPE: Contract

AGENDA SECTION: CONSENT AGENDA

SUBJECT: Pipe Lining Work Assignment in the LS23 Sewershed

SUGGESTED ACTION: Approval of the attached work assignment for Insituform to clean, camera, and line sanitary sewer gravity mains in the LS23 sewershed.

Is this item Quasi-Judicial?

No

Does this item require a public hearing?

No

EXPLANATION:

The City is actively working to clean, camera, and line sanitary sewer pipe that has reached the end of its useful life; the pipe targeted for lining is old, vitrified clay pipe installed prior to 1970. Lining is far less intrusive than a full pipe replacement and more cost effective; generally, lining a pipe provides another 40-50 years of useful life to the pipe. The lining decreases the opportunity for infiltration via groundwater into the system thereby reducing flows to the water reclamation facility.

FINANCIAL IMPACT:

The overall project budget was approved by Council in September 2024 and will be encumbered in GL account 40859000-563000-25504.

ATTORNEY REVIEW/RECOMMENDATION:

NA

SUGGESTED MOTION:

Motion to approve pipe lining work assignment in the LS23 Sewershed.
