City Council Meeting
August 21, 2023

Subject: Old 77 Recreational Trail Project - Construction Started

Prepared By: Claire Baartman, City Administration

Background of Issue:

Recommendation

The first Phase of the Old 77 Recreational Trail Project has started construction. Journey Group is the contractor overseeing the project administered through the South Dakota Department of Transportation. This first phase includes construction between 7th Street and 10th Street to include pedestrian crossings at 7th and 10th Street. The contractor plans to finish construction prior to the end of October. This project will create travel inconveniences at times as construction will need to occur within the street right of way on certain occasions. The City is working with the contractor to make sure that any street closures are minimal. The City, the contractor and DGR Engineering are also coordinating with property owners affected by the construction. All construction is maintained within the City Right of Way and the City has had communication with the abutting property owners leading up to the project.
