

Agenda Memorandum

Agenda Item - VIII.C

City Council Meeting
August 21, 2023

Subject: Mill and Overlay - Consider Quote From Double H Paving

Prepared By: Claire Baartman, City Administration

Background of Issue:

Attached is a quote under the \$100,000 bidding threshold from Double H Paving to complete the mill and overlay of three street sections. Public Works Director Fjellanger has identified three street sections for mill and overlay in 2023. The area of Sunset Drive up from 4th to 7th Street. The area on Fairway Drive between Westview Drive and Prairie View Circle. The final area is a section of Old 77, north of 10th Street for around 100 feet where the section has fallen apart and needs to be addressed.

This mill and overlay is within the City's street repair budget. The City has worked with Double H Paving to complete these mill and overlay projects the past several years.

Recommendation

Recommend the Council approve the quote from Double H paving to complete Mill and Overlaying of a small section of north Old 77, Sunset Drive and Fairway Circle. This quote is under the \$100,000 bid threshold, therefore does not require a public bidding process.
