

Agenda Memorandum

Agenda Item - VIII.A

City Council Meeting
August 21, 2023

Subject: Dell Rapids Eagle Scout Project Request - Oscar Anderson

Prepared By: Claire Baartman, City Administration

Background of Issue:

Attached are brochures for a publicly accessible bicycle pump and repair stand. Dell Rapids resident Oscar Anderson is working towards completing his Eagle Scout project. Oscar is requesting permission from the City Council to install a bicycle pump and repair stand along the Sioux River Red Rock Trail. This project is inspired by a location that Oscar and his family saw along the Mickelson Trail north of Custer. Oscar is working with City Administrator Weiland and Public Works Director Fjellanger to determine a location for the repair stand. Oscar is planning to pour a concrete slab and install this amenity on the trail for his project.

Recommendation

Recommend the Council hear from Eagle Scout Oscar Anderson and his plan to install a bike pump and repair station along the Sioux River Red Rock Trail. Recommend the Council approve Oscar Anderson's Eagle Scout project and bike pump and repair station and instruct him to work with City Hall to determine a proper location. This will be a great addition to the City park and Sioux River Red Rock Trail system.
