

Agenda Memorandum

Agenda Item - IX.G

City Council Meeting
May 15, 2023

Subject: Declare Surplus Items - Street Sweeper

Prepared By: Justin Weiland, City Administration

Background of Issue:

The City has received delivery of our new Street Sweeper. This allows the City to place for sale our existing 2004 Elgin Street Sweeper. The specifications on the Street Sweeper are as follows;

- Elgin Pelican Street Sweeper - 2004 Serial Number P-4370-S - Hours: 4937 - Miles: 22,145

The City Council acts as the Surplus Appraisal Committee. The City staff are recommending the surplus of the 199 Elgin Sweeper and sale of the sweeper by auction, therefore the appraised value of the item to be determined by auction. The City is recommending using Big Iron Auction for the sale of the item. City Staff estimates a sale in the range of \$5,000 to \$10,000 for this piece of equipment. Big Iron Auction will collect 12% of sale as their fee for listing and handling the sale.

Recommendation

Recommend the Council acting as the Surplus Appraisal Committee declare the 2004 Elgin Pelican Street Sweeper as Surplus and approve for the item to be placed on Big Iron Auctions for sale.
