

Agenda Memorandum

Agenda Item - XI.D

City Council Meeting
May 15, 2023

Subject: Swimming Lessons Registration and On-line Season Passes

Prepared By: Justin Weiland, City Administration

Background of Issue:

Recommendation

The City launched on-line swimming lessons registration on Tuesday, May 2nd. Notices were sent by text message and posted on the website and Facebook. The registration site was very active with over 230 registrations. Finance Officer Baartman also created a portal on the Active Network for the purchase of Family and Individual Swimming Passes. This was always required to be purchased at the swimming pool. The City is excited to kick off the pool season and offer this important service to our community. The City Staff is working with the newly hired lifeguards to assure we have enough WSI certifications to handle both swimming lessons sessions. The City has set a date for the seasonal staff training to occur with Alternative HR on Tuesday, May 30th.
