Subject: Outdoor Event Permit(s) - Prohibition Pub Outdoor Concerts on Back Patio - June 3rd, June 16th and June 23rd - 8 PM to 12:00 PM

Prepared By: Justin Weiland, City Administration

Background of Issue:

Attached is an outdoor event permit submitted by Prohibition Pub to host three evenings of outdoor concerts on their back patio on June 3rd, June 16th and June 23rd. Prohibition Pub is requesting three separate outdoor event permits to host outdoor concerts on their privately owned back patio. These Outdoor Event Permits on private properties are intended to provide the public with notice of an outdoor event. In this particular scenario live music is intended to be played until 12 PM. The approval of these outdoor events provide the property owner with City Council permission to host these three proposed events on June 3rd, June 16th and June 23rd. The applicant is not charged the \$100 special event permit fee as the event is occurring on their private property.

Recommendation

Recommend the Council approve the Consent Agenda inclusive of the Outdoor Event Permits submitted by Prohibition Pub to host three outdoor concerts on their back patio on June 3rd, June 16th and June 23rd. The motion is inclusive of waiving the \$100 special event permit fee as the event is planned on private property.
