AGENDA ITEM REPORT

DATE: November 10, 2025

SUBMITTED BY: Rene Garcia, Administration

ITEM TYPE: Resolutions

AGENDA SECTION: CONSIDERATION OF AND ACTION ON

SUBJECT: Resolution R2025-56 Awarding Professional Engineering/Design Services to Ward, Getz & Associates LLC (WGA) for Community Development Block Grant-Mitigation (CDBG-DR) Local Communities Program (LCP) through the Texas General Land Office (GLO)

BACKGROUND: The Texas General Land Office (GLO) is administering the 2024 Community Development Block Grant–Disaster Recovery **Local Communities Program (LCP)**, a competitive funding opportunity for units of local government in HUD-designated Most Impacted and Distressed (MID) and Secondary MID counties. LCP focuses on unmet recovery needs with a priority for low- and moderate-income (LMI) residents and areas. Eligible activities include permanent infrastructure and resilience projects—such as drainage, water/wastewater and streets. Approximately \$97M in statewide funds are available. If awarded, the potential for El Campo can be between **\$500,000 and \$5,000,000** on up to two projects.

The city received a total of six statements of qualifications (SOQ) which were evaluated by committee. SOQs were received from Ward, Getz and Associates, Rakowitz Engineering, Lynn Engineering, Huitt-Zollars, CivilCorp and Colliers Engineering. Resolution R2025-56 awards professional engineering/design services to WGA LLC.

SUGGESTED ACTION: Staff recommends approval of Resolution R2025-56.
