AGENDA ITEM REPORT

DATE: July 13, 2026

SUBMITTED BY: Brittnei Nanson, Police

ITEM TYPE: Resolutions

AGENDA SECTION: CONSIDERATION OF AND ACTION ON

SUBJECT: Resolution R2026-35 Authorizing the Submission of an Operation Lone Star Grant Application and Authorizing the City Manager to be the Official Representative in All Matters Pertaining to the City's Participation in the Operation Lone Star Grant Program

BACKGROUND: The Police Department currently has a system enabling us to unlock cell phones in order to extract data related to criminal investigations. The system software is Cellebrite.

We have received Operation Lone Star (OLS) Grant funding in the past to cover costs associated with unlocks. Looking to the future we propose to ask for additional OLS funding to extend our ability to do unlocks. We have current funding through December of 2027. In this OLS request we propose to get an additional 5 years of unlock funding (January 2028 – December 2032). This cost is \$68,400.00.

This area of expertise is constantly evolving and therefore we also propose asking for funds to cover additional training in this field. This cost is \$21,336.00.

Resolution R2026-15 authorized the submission of the Operation Lone Star Grant Application that was due 03/12/2026 via the eGrants online portal. The Office of the Governor changed their resolution requirements. This ordinance reflects the updated required wording as well as the updated amount for the grant (Total Training/Hotel/Meals/Travel increased by \$1,660.00, for a total training budget of \$21,336.00).

Resolution R2026-35 Authorizing the Submission of a Operation Lone Star Grant Application and Authorizing the City Manager to be the Official Representative in All Matters Pertaining to the City's Participation in the Operation Lone Star Grant Program, is attached.

Financial impact: The total OLS grant request would be \$89,736.00. This grant is

a no match grant.

SUGGESTED ACTION:
