

CITY OF KINGMAN COMMUNICATION TO COUNCIL

TO: Honorable Mayor and City Council

FROM: Jack Plaunty

MEETING DATE: May 19, 2026

AGENDA SUBJECT: Adoption of Ordinance No. 2002- Amending the City of Kingman Utility Regulations to Maintain Compliance with ADEQ Pretreatment Requirements

SUMMARY:

This item is for consideration and approval of Ordinance 2002. The proposed ordinance amends the City of Kingman Utility Regulations governing the Industrial Pretreatment Program to maintain compliance with the Arizona Department of Environmental Quality (ADEQ) requirements. The revisions address deficiencies identified during a recent ADEQ pretreatment inspection and update outdated sections of the Utility Regulations to align with current regulatory standards and operational practices. Approval of the ordinance will ensure continued compliance with state and federal pretreatment requirements and support the City's ongoing wastewater regulatory obligations.

The proposed amendments to the Utility Regulations are denoted by bold and strikethrough text. Bold text indicates additions to the regulations, and strikethrough text indicates language proposed for removal.

FISCAL IMPACT:

The proposed amendments are not anticipated to have a direct fiscal impact on the City's budget. The revisions update the Utility Regulations to maintain compliance with ADEQ pretreatment program requirements and reduce the potential for future regulatory penalties or enforcement actions.

STAFF RECOMMENDATION:

Staff recommends approval.

SUGGESTED MOTION:

Move to approve Ordinance No. 2002 amending the City of Kingman Utility Regulations related to the Industrial Pretreatment Program to address deficiencies identified by the Arizona Department of Environmental Quality and maintain regulatory compliance.
