

CITY OF KINGMAN COMMUNICATION TO COUNCIL

TO: Honorable Mayor and City Council

FROM: Mike Garmon

MEETING DATE: February 17, 2026

AGENDA SUBJECT: Approval of Engineering Services for the Industrial Park Sewer Main

SUMMARY:

The Industrial Park Sewer Main is recommended by the City's Sewer Master Plan. This project will include approximately 7,300 linear feet of new 18-inch gravity main which will allow sewer flows to be conveyed from sewer sheds located in the area of the City immediately south of the City's Airpark and east of Historic Route 66. An overview of the proposed project location is shown in Attachment A. This project's design will be expedited in order to be ready for contractor bidding by the beginning of July, 2026.

Sunrise Engineering has submitted a proposal for the design of the Industrial Park Sewer Main. The design for this project was approved in the FY2025-26 Capital Improvement Budget in the Wastewater Expansion Fund at a budget of \$250,000. There is sufficient budget capacity within the fund to cover the overage.

FISCAL IMPACT:

The proposed agreement total of \$287,129.00 will be funded from the Wastewater Expansion Fund.

STAFF RECOMMENDATION:

This project is recommended by the City's Sewer Master Plan. Staff recommends approval of this agreement to Sunrise Engineering for the sum of \$287,129.00 for the design of the Industrial Park Sewer Main.

SUGGESTED MOTION:

Move to approve the Engineering Services contract agreement with Sunrise for the Industrial Park Sewer Main.
