

CITY OF KINGMAN COMMUNICATION TO COUNCIL

TO: Honorable Mayor and City Council

FROM: Gerry Delgado

MEETING DATE: February 17, 2026

AGENDA SUBJECT: Approval of Enterprise Agreement with ESRI for GIS Products and Services

SUMMARY:

The City of Kingman utilizes Geographic Information System (GIS) technology for many operational and technical work within the organization. As the use of GIS technology increases within the organization, it becomes necessary to look at alternative licensing options for the software. City staff has been working with Environmental Systems Research Institute (ESRI) to utilize their Small Municipal and County Government Enterprise Agreement to continue growing the GIS system. This three-year ESRI Enterprise Agreement will provide citywide access to ESRI's GIS platform, tools, and licensing under a single, consolidated contract. This agreement replaces the expiring Enterprise Agreement approved by City Council Council on March 7, 2023. This agreement also affords City staff to standardize GIS capabilities across departments, improving collaboration, data sharing, and operational efficiency.

The annual agreement cost of \$45,618.20 for fiscal year 2026 is included in the Information Technology Fund approved budget.

FISCAL IMPACT:

The total three year fiscal impact of this Enterprise Agreement is \$136,854.60 and will impact the Information Technology Fund.

STAFF RECOMMENDATION:

City staff recommends approval.

SUGGESTED MOTION:

Move to approve.
