

CITY OF KINGMAN COMMUNICATION TO COUNCIL

TO: Honorable Mayor and City Council

FROM: Jack Plaunty

MEETING DATE: August 4, 2026

AGENDA SUBJECT: Authorization of a Job Order Contract Proposal with McCormick Construction Co. for Asphalt Patching Related to Waterline Repairs

SUMMARY:

This item is for consideration and approval of asphalt patching services related to waterline repairs throughout the City of Kingman.

When waterline repairs require pavement removal, the Utilities Division completes the waterline repair, and the Streets Division coordinates the asphalt patching. The Streets Division completes over 60 percent of these asphalt repairs in-house; however, due to the continued volume of waterline leaks and repair activity, additional contractor support is needed to help reduce the backlog and complete asphalt repairs.

Over the last 12 months, the Streets Division received just over 1,000 repair tickets related to utility patching. The use of contract patching services allows City crews to continue completing a majority of the repairs internally while providing additional capacity during periods of high demand.

The attached proposal will help address the current backlog of asphalt patches and provide additional capacity to meet patching needs that arise during the work. McCormick Construction Co. provided a proposal for asphalt patching services utilizing the Kingman Job Order Contract.

The total fiscal impact of this proposal is \$206,319.40, to be paid from the Water Capital Renewal Fund. This is an approved purchase in the FY27 Adopted Budget and 5-Year Capital Improvement Plan.

FISCAL IMPACT:

The total fiscal impact of this proposal is \$206,319.40, to be paid from the Water Capital Renewal Fund.

STAFF RECOMMENDATION:

Staff Recommends Approval

SUGGESTED MOTION:

I move to approve asphalt patching services with McCormick Construction Co. in the amount of \$206,319.40.
