

CITY OF KINGMAN COMMUNICATION TO COUNCIL

TO: Honorable Mayor and City Council

FROM: Jack Plaunty

MEETING DATE: November 18, 2025

AGENDA SUBJECT: Authorization for Mohave Wash Storm Drain Repair Contract

SUMMARY:

This item is for consideration and approval of a Job Order Contract (JOC) to facilitate emergency repairs to storm drains in the Mohave Wash that were damaged by fire. Two 60-inch stormwater conveyance lines discharge runoff into the Mohave Wash. Recently, a fire caused by transients camping in the area ignited the plastic storm drain, resulting in significant damage to approximately 80 feet of the drainage system.

The proposed work includes removal and replacement of the burned and collapsed storm drain sections. Additionally, a trash rack will be installed at the discharge point to prevent unauthorized entry and reduce the risk of future damage or blockage. The work will be completed utilizing the City of Kingman Job Order Contract ENG21-0084.

This project was not included in the adopted budget and constitutes an emergency repair. The project cost is \$102,211.00, which will be funded from the Stormwater Fund. To accommodate this unplanned expenditure, funding will be reallocated from the Harrod Avenue Basin Improvements Project.

FISCAL IMPACT:

There will be a fiscal impact of \$102,211 to the Stormwater Fund.

STAFF RECOMMENDATION:

Staff recommends approval.

SUGGESTED MOTION:

Motion to approve the use of the Job Order Contract ENG21-0084 to complete the emergency storm drain repairs in Mohave Wash and authorize the reallocation of funds as outlined.
