EXHIBITS	Task Order#1 -SFDC Retrofit Phase 1
STAFFED BY	Roberts
ESTIMATED TIME	1 min

SUMMARY STATEMENT

Staff presented the construction consultant agreement with Perteet for the South Fork Dogfish Creek Retrofit project at Council workshop on 2/11/26. This is an Ecology funded stormwater retrofit project located in the SF Dogfish Creek basin adjacent to Iverson, 7th, and 8th near Centennial Park.

The project will install water quality treatment vaults and retrofit existing swales into bioretention cells to improve water quality in the basin. Perteet completed the 90% design in 2021 and will complete the design and provide construction services.

The grant funded project budget is $1,545,000 and is included in our Stormwater CIP. Perteet's budget includes $63,221 to complete the design and $41,480 for construction services for a total of $104,701 which is within the overall budget.
