SUMMARY STATEMENT

Staff will present the Raab Park Play for All project for final acceptance. This project has been completed successfully.

This project consisted of furnishing all the materials, equipment, tools, and labor to develop a fully inclusive playground in Poulsbo's Raab Park, along with an extensive landscaping and fully integrated irrigation system. Accessible parking stalls were also installed. Prior to this project, North Kitsap did not have park facilities with accessible playgrounds to accommodate individuals with physical or sensory challenges.

Construction by WS Contractors LLC started in August 2024 and was completed by May 2025.

The overall project budget was $1,570,730.55 and the original contract bid for construction was $1,190,080.26. The total payment on the construction contract was $1,014,870.42 resulting in a total net construction costs savings of $175,209.84.
