POULSBO CITY COUNCIL AGENDA SUMMARY

BUSINESS AGENDA ITEM NO. 9.b

MEETING DATE: July 1, 2026

AGENDA ITEM	PSE Night Work Request
EXHIBITS	PSE Hostmark 7.1.26
STAFFED BY	Leddon
ESTIMATED TIME	5 mins

SUMMARY STATEMENT

Puget Sound Energy is installing a primary service line on the corner of 1st and Hostmark st. This work will have a temporary power outage for 8 hours. This work will be completed under the Public Property Construction Permit E-06-12-26-01.

PMC 15.32.010 requires "Public works projects and other projects within the public rights-of-way for which the city council determines that the public benefit of night-time construction outweighs the short-term impacts of such construction."

Puget Sound Energy has proposed a traffic control plan that meets the MUTCD requirements for traffic control and flagging.

It is recommended that night work be allowed for this work, so as to minimize the traffic impact and impacts of the planned power outage on downtown businesses. Night work is anticipated to last for 1 night, with the outage lasting up to 8 hours that night.

WORKSHOP DATE:	

IMPACTS

Expenditure Required? No	Included in Budget? No Amount: 0

SAMPLE MOTION:

Move to approve the PSE night work requests to replace two power poles at the intersection of Finn Hill Road and Viking Avenue, and one junction box at Vetter Rd.
