SUMMARY STATEMENT

Presented for approval is BA #26-304 to fund the Downtown Poulsbo Couplet study and a contract with Parametrix to perform the Downtown Poulsbo Couplet study.

The one-way couplet study will assess the potential impacts and feasibility of a one-way couplet downtown along Front Street and 3rd Avenue. It will evaluate existing traffic conditions and traffic operations and distribution under a one-way couplet scenario. It includes consideration for complete streets and the City's 3rd Avenue design project. See included map for area studied and limits of the one-way couplet.
