SUMMARY STATEMENT

The City receives a noncompetitive stormwater capacity grant from the Department of Ecology on a two year cycle to support NPDES permit implementation. The 2025-2027 capacity grant award is for $120,000 and has no match requirement. The grant will be used for casual labor, professional services for development of the permit required Stormwater Management Action Plan (SMAP), and GIS support. BA # 26-101 increases the account for Stormwater Capacity Grant revenue.
