STAFFED BY	Harding
ESTIMATED TIME	5 mins

SUMMARY STATEMENT

The existing ILA with our county-wide Traffic Safety Task Force mutual aid and interlocal agreement expired at the end of 2025. This is an update to the ILA which will date retroactive to January 1, 2026 and allow for it to remain in place without a term renewal basis. All other terms remain unchanged. This interlocal agreement spells out policies and procedures and our relationship with the task force. This interlocal agreement allows agencies to work in other jurisdictions for the purpose of traffic safety and enforcement.

The agencies pay a certain amount for the management of this task force. City of Poulsbo will pay an annual contribution of $2,500. This amount remains the same as years past and is budgeted. This agreement also allows us access to traffic safety grant funding, which we receive every year.
