

REPORT TO THE BOARD OF MAYOR & ALDERMEN

DATE: September 22, 2025

FROM: John M. Selberg, Fire Chief

SUBJECT: Purchase of MEGA MAX 6000 High-Pressure Breathing Air Compressor and Cascade System

INTRODUCTION:

The purpose of this agenda item is to obtain approval from the Board of Mayor and Aldermen to purchase a MEGA MAX 6000 High-Pressure Breathing Air Compressor and Cascade System for Firehouse 6.

BACKGROUND:

As Firehouse 6 nears completion, it is necessary to equip the station with a reliable breathing air system to support fire operations. The MEGA MAX 6000 will provide high-pressure air for refilling self-contained breathing apparatus (SCBA), ensuring firefighters have immediate access to safe, clean air during emergency responses. Installing this system at Firehouse 6 will enhance operational readiness and improve efficiency by reducing the need to travel to other stations for refills.

DISCUSSION:

The system will be purchased from Siddons Martin Emergency Group through the HGAC Cooperative Purchasing Program. The purchase will be made for \$61,575.32, under HGAC #EE11-24.

BUDGET IMPACT:

Fund	Dept.	Obj. Code	Description	Approved Line-Item Budget	Previous Expenses	Proposed Expense	Balance	Budget Impact
321	42200	922- 202207	Fire Station #6	\$8,394,526.00	\$8,016,501.82	\$61,575.32	\$316,448.86	N/A
