ISSUE: Approval of National Library Week Proclamation

SUMMARY:

National Library Week was first celebrated in 1958. It gives us the opportunity to acknowledge the critical role libraries play in the community. Libraries are welcoming places that bring the community together for entertainment, education, and connections. Today, libraries offer so much more than just books including technology, support for job seekers, classes, and even a Library of Things.

ACTION REQUESTED:

If it pleases the Council, approve the proclamation designating April 19-25, 2026 as National Library Week.

BACKGROUND:

Coos Bay Public Library was established in 1910 and has been serving the community with a wide variety of materials and services for all members of the community ever since it's formation.

BUDGET IMPLICATIONS:

none
