

Council Meeting: November 13, 2025	Prepared By: Jessica Christensen Buck, Parks and Recreation Manager
Topic: Heritage Park Remaster - Change Order #3 (Building)	Action Required: Approval

Summary

As part of the Heritage Park Remaster, discussions regarding the placement of a drinking fountain were included. Currently, the only operational drinking fountain within Heritage Park is located near Meister Field, which was acquired as part of a previous grant project. With construction of the new building and associated site improvements, staff identified a need to provide drinking water access on the western portion of the park.

To address maintenance concerns, it was determined that having the drinking fountain connected to the building made the most sense.

Change order #3 for the building proposes the addition of an exterior, ADA compliant drinking fountain. The request includes installation of the fountain, associated above-grade plumbing/framing, the drinking fountain itself, and all related work for proper integration with the building infrastructure.

This drinking fountain would support users of the western parcel of the park, including those utilizing the nearby athletic fields, future playground, and proposed future pickleball courts.

Financial/Budget

Heritage Park Improvements would come from the Park Dedication Fund.

Options

1. Approve the Change Order #3 (building) in the amount of \$15,324.67.
2. Provide staff with alternative direction.
3. Decline.

Recommendation

Approve the Change Order #3 (building) in the amount of \$15,324.67.

Council Action

Consider a motion to approve the Change Order #3 (building) in the amount of \$15,324.67.
