**AGENDA SECTION:**

CONSENT AGENDA

**BACKGROUND/SUMMARY:**

Per California Mental Health Services Authority (CalMHSA), the revised MOU reflects the implementation of a new, data-informed allocation methodology developed by CalMHSA to support a more equitable and transparent distribution of LPS-designated State Hospital beds. As part of this effort, CalMHSA and the Department of State Hospitals (DSH) have agreed to a new bed management protocol informed by the bed allocation framework. This framework guides how DSH beds are allocated across counties, is used to determine the number of beds that may be assigned to each county annually and supports a transition toward county self-management of this critical resource.

The new methodology determines how 581 LPS-designated beds for FY25-26 would be allocated based

on a county's population size, behavioral health population adjustment, and historical DSH bed utilization. Based on the information gathered from the three factors, counties were grouped into five allocation pools from small rural to large. San Benito County has been grouped into the Small Rural in which SBC will need to share 5 LPS beds amongst 16 other counties.

In addition, CalMHSA successfully negotiated a 4% rate increase for FY 2025-26 and an increase in total beds available from 556 to 581. To support counties in this transition, CalMHSA will host an informational meeting on Tuesday, April 30th, from 11am to 12pm to review the new methodology, outline next steps, and answer questions. SBCBH team members plan to attend this meeting.

SBCBH Director and County Counsel signed on 3/6 CalMHSA's Participation Agreement for the State Hospital Program for an additional year. The attached MOU is a supplement of the participation agreement that CalMHSA just sent SBCBH this week.

There is no cost associated directly with this MOU. Any actual costs entailed would be with the California Department of State Hospitals (DSH) and hospitals. This MOU is to provide information on the bed allocations for counties and the rate that has been negotiated through CalMHSA.
