AGENDA SECTION:

CONSENT AGENDA

BACKGROUND/SUMMARY:

Kings View has been providing telepsychiatry services in San Benito County for over 14 years. They provide this service for many other counties in the State. The contractor utilizes teleconferencing equipment to allow psychiatry services to be delivered by a Psychiatrist, M.D. from an off-site location to San Benito County Behavioral Health's site, via two-way live visual and auditory exchange. They provide the technical support and psychiatrist specialists to allow the services to be delivered in a manner that meets the DHCS (Dept. of Health Care Services) regulations for service delivery and eligibility to receive reimbursement for services through the Medi-Cal system. Telepsychiatry as a category of telemedicine is an accepted method of providing specialist physician services in areas experiencing shortages of such specialists.

This amendment is non-monetary and extends the term of the contract by 30 days. The extension is

needed to ensure there is proper time for on-boarding and off-boarding of Telepsychiatry providers during the conclusion of the Behavioral Health department's request for proposals for Telepsychiatry Services.

FISCAL IMPACT:

This is a non-monetary amendment. There would be no fiscal impact. The total contract amount not to exceed would remain \$72,000 for the term of the agreement.

This is a fee for service contract paid for through the non-general fund allocated to GL:
228.90.2520.1000.619.218
