AGENDA SECTION:

PUBLIC HEARING

BACKGROUND/SUMMARY:

In 2022, staff worked with the San Benito County Planning Commission and the San Benito County Board of Supervisors to prepare a comprehensive zoning update, which resulted in the repeal and replacement of Title 25 of the San Benito County Zoning Ordinance. Since adoption of the updated code, both the Board of Supervisors and the Planning Commission have identified portions of the San Benito County Zoning Code that require further amendments to conform with recently enacted state law, implement the 2035 General Plan, improve clarity and usability, modernize land uses and development regulations, and streamline the development review process.

Work on the updated Zoning Code amendments commenced in late 2023. Draft revisions were made available for public review in March 2024, May 2024, and again in November 2024. The Zoning Code amendments returned to the San Benito County Board of Supervisors on March 11, 2025. At that meeting, the Board requested that the following items be brought back for further discussion: loopholes related to projects returning for approval, thresholds for electric vehicle charging stations requiring Planning Commission review, cannabis security requirements, battery energy storage systems, concerns

related to shooting ranges, and provisions of the Animal Code. In addition, the Board referred the topic of boutique hotels to the Tourism Advisory Committee for further review.

At the regular meeting of November 19, 2025, the Planning Commission requested that staff review the zoning amendments currently under development in coordination with the San Benito County Planning Commission and the San Benito County Board of Supervisors, and determine which amendments had been sufficiently vetted to return to the Planning Commission for consideration and advancement to the San Benito County Board of Supervisors for adoption. In January 2026 amendments were presented to the Planning Commission, some were recommended for approval to the Board of Supervisors, but staff were asked to return to the Planning Commission with updated provisions for the kennel code after consulting with interested parties. The zoning amendments identified in Exhibit A of the attached resolution represent those amendments proposed to move forward at this time. Staff anticipates bringing additional sections of Title 25 forward at a subsequent regular Planning Commission meeting.
