Vanessa Delgado

**Agenda Item
Regular Meeting of the
Board of Supervisors
Tuesday, June 23, 2026**

Item Number: 1.27

MEETING DATE: 06/23/2026

DEPARTMENT: INFORMATION TECHNOLOGY

AGENDA ITEM PREPARER: Robert Gomez

DEPT HEAD/DIRECTOR: Esperanza Colio Warren

SUBJECT:

INFORMATION TECHNOLOGY- R. GOMEZ

1. Approve renewal agreement with Cisco Umbrella - Internet Security Gateway Monthly Solution from July 1, 2026, through July 1, 2029, in the amount of \$105,537.49 for Countywide secure internet gateway and web security services provided through Cisco Umbrella Secure Internet Gateway Advantage; and

2. Authorize Chair, County Executive Officer, or designee, to sign agreement.

SBC FILE NUMBER: 119.1

AGENDA SECTION:

CONSENT AGENDA

BACKGROUND/SUMMARY:

Cisco Umbrella is the County's primary internet security platform and serves as the first line of defense against cyber threats. Staff recommends renewing the existing three-year subscription agreement and updating the current protection plan to ensure continued security coverage.

The platform provides DNS-layer security, web content filtering, and threat intelligence to prevent users from accessing malicious websites and online resources that host malware, ransomware, phishing schemes, botnets, and other cyber threats. When a user attempts to access a known malicious site, the service automatically blocks the connection and redirects the user to a warning page explaining the security risk.

The Information Technology Department requests approval to renew the County's subscription as a sole-source procurement. The service is fully integrated into the County's cybersecurity infrastructure and

provides continuous protection for County employees, systems, and data, whether users are working onsite or remotely. Any interruption in service would compromise critical security protections and increase the County's exposure to cybersecurity risks, potentially disrupting operations and compromising sensitive information.

A competitive solicitation was not conducted because this request is for the renewal of an existing software subscription that is already deployed and operational within the County's technology environment. Renewing the current service ensures continuity of operations and avoids the significant time, cost, and resources required to evaluate, procure, implement, and transition to an alternative platform.

Approval of the renewal will allow the County to continue receiving uninterrupted internet security gateway services through June 30, 2029.

FISCAL IMPACT:

This agreement will be budgeted within the department's FY 2026-27 budget and will be available within existing appropriations. G/L 101.15.1065.1000.619.134

STAFF RECOMMENDATION:

1. Approve renewal agreement with Cisco Umbrella - Internet Security Gateway Monthly Solution from July 1, 2026, through July 1, 2029, in the amount of \$105,537.49 for Countywide secure internet gateway and web security services provided through Cisco Umbrella Secure Internet Gateway Advantage; and
2. Authorize Chair, County Executive Officer, or designee, to sign agreement.
