RESOLUTION NO.: 2024-7

AGENDA SECTION:

CONSENT AGENDA

BACKGROUND/SUMMARY:

In 2016, Senate Bill 833 (Section 20) expanded the Investment in Mental Health Wellness Act to specifically address a continuum of crisis services for children and youth, 21 years of age and under and allocated funding to develop four mental health programs - crisis residential treatment, crisis stabilization, mobile crisis support teams and family respite care.

San Benito Behavioral Health applied for this grant through the California Health Facilities Financing

Authority (CHFFA) to support the Department in the development of a mobile crisis support team to meet the needs of the children and youth in our community. The development of a mobile crisis support team will help the department meet the people where they are, minimize disruption to people's lives and maintain safety in the community.

The total amount of funds that the County has been awarded is \$539,477 to be expended over the next five years for capital and support team personnel costs. For sustainability, the department is planning to be able to expand and sustain the funds available by matching with Federal and other state behavioral health dollars as available.

The Behavioral Health Department requests that the Board adopt the Resolution accepting the funding and authorizing the Director of Behavioral Health to execute the grant agreement and administer the grant on behalf of the County.
