**AGENDA SECTION:**

CONSENT AGENDA

**BACKGROUND/SUMMARY:**

The Purchasing Policy was last updated on January 14, 2025. Today, the purchasing is brought before the Board to address the issue of Grant Applications.

Currently the purchasing policy does not require grant applications to be presented to the Board of Supervisors. The current purchasing policy language is below:

**17-1. Grant Applications**

*Grant Applications shall be presented to the CAO, or his/her designee, for approval before applying if the grant application results in mandatory obligations on the County if awarded.*

This is requested to be modified to read as follows:

## **17-1. Grant Applications**

*Grant Applications shall be presented to the CAO, or his/her designee, for review and comment. Thereafter, the Department shall obtain Board of Supervisors' approval for the grant application before the grant application deadline.*

*The CAO should be presented with the grant materials at least two weeks before the agenda deadline at which BOS approval will be requested. Individual departments are responsible for preparing the Board agenda item for grant approval.*

This will enable the Board to review and approve grant applications submitted on behalf of the County. The reason for this requested change is that it would be beneficial for the County to fully evaluate any County staff and monetary requirements prior to the submission of grant applications.

### **FISCAL IMPACT:**
