AGENDA SECTION:

CONSENT AGENDA

BACKGROUND/SUMMARY:

Clients sometimes require placement in substance abuse residential treatment facilities as part of their treatment plan. Provider options are important to maintain client Freedom of Choice requirements and when it is determined to be conducive to client recovery to create distance away from negative influences that may exist within their home community. This contract provides licensed residential substance abuse treatment services for San Benito County adults. Individuals involved in this type of treatment are generally participants of court ordered mandated substance abuse treatment. The residential and other ancillary services provided through this contract are eligible for funding through Child Protective Services (CPS), Probation Dept. AB-109 funding and DMC-ODS reimbursement. This is a Fee for Service contract and reimbursement is dictated by use and as such the total dollar amount of this contract can range from zero to the maximum dollar amount of the contract.

This provider's services are needed to ensure that there are treatment options and bed availability for the client in the event that other options are at capacity and/or the client and counselor anticipate that the client will respond better to their structured treatment model.

OTHER AGENCY INVOLVEMENT: The County Superior Court, Probation and CPS staffs often work in coordination with Substance Abuse Treatment staff in identifying clients who are appropriate for access to this level of residential care.

RFP AND BID HISTORY:

Based on the BOS presentation from January 25, 2022, this contractor's facility falls under the category of SUDs Treatment Contracts that include Residential facilities. An RFP for this type of contract is not advised because these type of fee for services contracts are secured in the event an individual presents themselves needing this level of care and needs to be placed at this type of facility. SBCBH tries to contract with qualified and licensed facilities of this type in the surrounding area to adhere to time and distance standards,
